Creekside Assisted Living Announces CARES® Dementia Training and Alzheimer's Association essentiALZ® Certification

September 1, 2019- Minneapolis, MN. Creekside Assisted Living is pleased to announce that we are requiring all our staff to become certified and trained in CARES® Training and Certification. Creekside is planning to display all employees certification certificates in the main lobby as well as in the staff break rooms. To reward and motivate each employee, everyone who completes the training and certification will receive a \$100.00 gift card and a CARES lapel pin recognizing their certification. To start, each staff member will be required to complete the CARES® Dementia Basics course in the first 6 months of employment and get certified by the end of 2019. "We have received such positive feedback regarding the CARES online dementia training programs from our staff members. The convenience of the program makes it easy for staff members to finish the training on their own time, from any computer," said Sarah Peterson, Staffing Educator at Creekside Living. "I also love the fact that family members of residents feel comforted and reassured that their loved one is being cared for by knowledgeable and certified staff members."

About CARES® Dementia Training Programs

HealthCare Interactive is addressing the growing national crisis of memory loss, dementia, and Alzheimer's disease by developing the most innovative set of training products for family members and professional caregivers available in the marketplace today. HCI's CARES Dementia Basics and CARES Dementia Advanced Care online training programs qualify individuals for Alzheimer's Association essentiALZ certification.

About CARES® Certification

CARES® Certification opportunities recognize an individual's knowledge of recommended dementia-care practices.. Anyone who completes the training requirements is eligible to take the certification exam and become certified.
